

No other stereo can make this promise...and keep it!

Tone Arm gives you the greatest stereo separation - the most perfect sound reproduction ever achieved in a complete home console stereo instrument! Its 2 even weight (only 1/46) ounce - far less than a penny) plays your records a lifetime with virtually no record wear. And it will not put a scratch in the sound of a record! Drop it! Even slide it! It's impossible to accidentally ruin a record!
